

VS3018

DESKTOP PAGING MICROPHONE

Commercial Grade Microphone for Voice Paging

Microphone for PA Voice Paging and Message Recording

The Visiplex VS3018 Desktop Paging Microphone is designed specifically to be used with a Visiplex wireless paging base station for live PA voice paging and message recording. The VS3018 desktop microphone comes with a Push-to-Talk (PTT) switch that can operate in Momentary or On modes for easy and convenient operation.

The VS3018 desktop paging microphone is resistive to noise with a robust anti-vibration construction, adjustable gooseneck design and balanced audio output render. The VS3018 microphone is intended for use with commercial paging systems in schools, warehouses, office buildings, medical facilities, and more.
